"HE DONE HIS DAMNED."

I ask that when my spirit quits this shell of mortal clay
And o'er the trail across the range pursues its silent way,
That no imposing marble shaft may mark the spot where rest
The tallings of the bard who sang the praises of the West,
But that above them may be placed a slab of white or gray,
And on it but the epitaph carved in the early day
Upon the forehead of a man who did the best he could
To have the bad deeds of his life overshadowed by the good:

"He Done His Damned!"
Engrave upon the polished face of that plain simple stone
No nicely worded sentiment intended to be done
The sins of an eventful life, nor say the virtues wiped
Away the stains of vice—in lines original or swiped.
What rough but honest sentiment that stood above the head
Of one who wore his boots into his boots earlily bed
Is good enough for me to have above my moulder-
ing clay—
Just give the name and day I quit, and underneath it say:
"He Done His Damned!"

Some who are overstocked with "phony" piety
May raise
Their hands in blank amazement at the sentiment, and gaze
Upon the simple marble slab 'neath which the sleeper lies
With six or seven different kinds of horror in their eyes,
But hardy sons and daughters of this brave old rugged West
Will see a tribute in the line so pointedly expressed,
And what more earnest tribute could be paid to any man
Whose weary feet had led the trail toward the Mystery, than:
"He Done His Damned!"

—Denver Post.

Mr. Charles M. Lee, Jr., Assignee of Otto S. Callahan, will take the fine herd of twenty-three black cattle, belonging to the Assignor, to Chicago this month, where they will be offered at public sale on March 23d. One bulk of the herd was originally bought by Mr. Callahan at over \$4,000.

WILL BE DISMISSED

Big Suit of Fleming Auditor's Agent Against L. and N.

The big suit filed by Auditor's Agent B. S. Grannis of Flemingsburg against the L. and N. Railroad, claiming franchise tax on \$35,000,000 for the five years past, will be dismissed, it having been learned that the State Board of Valuation had certified the taxable valuation for Fleming county for the years 1903 and 1904, 1902 being in litigation.

Some of the papers in the matter had been mislaid or overlooked at the Clerk's Office, but were later found.

As a result of attention being brought to the case, Fleming county will get \$608.17 deferred taxes which is due her from the state.

THE LEDGER has always entertained a good opinion of this genial and level-headed gentleman, but as to his being the whole United States was something in the nature of news.

LOTS OF HONEY

Found in the Steeple of the First Presbyterian Church

When the good old summer time is here and the bees begin to get busy storing up for the winter, if you cast your optics heaven-ward and center your gaze on the spire of the First Presbyterian Church you will see swarms of the apis mellifica passing in and out of the lattice work.

It has been noticed for several years that they have made a storehouse in the cupola and that their accumulations of years of toil will reach hundreds of pounds.

Here is an opportunity for some steeple climber to recompense himself for his time and labor.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for testimonials.

The Spring COATS

COVERT JACKETS. We have found this to be a splendid season for Covert Coats. The cool weather has much to do with it of course but apart from that we feel the success is owing in no small degree to the intelligence with which we measured the wishes of Mason county women. We have a Coat collection you will hardly find equaled in town. In quality, finish and style they are excelled nowhere. Then prices at Hunt's are always distinctly in your favor. \$5 to \$12½.

With part of the Democratic State Central Committee in Jail for murder, and the Chairman of that Committee trying to get "it" out, there'll be a lack of enthusiasm in the next campaign.

WHAT a blow it must be to the Vardamans, says The Louisville Post, to read General STEPHEN D. LEE's note thanking Congress and the President for the return of the Confederate battleflags and emphasizing the fact that there is no North, no South, no East and no West, but simply one country.

On March 12th, 1904, KUROPATKIN said to the St. Petersburg correspondent of The Echo de Paris:

"In order to teach the Japanese a lesson we will walk through their islands after crushing them in Manchuria and Korea. If I have a voice in the matter the treaty of peace will be signed in Tokio and not elsewhere."

KUROPATKIN now take that other guess that's coming his way.

SINCE Mr. W. C. McCHORD has settled it that every "dirty little sheet" that has not aided in fooling the farmers into an impossible enterprise is under control of the Tobacco Trust, it is in order for those newspapers to hunt for tall timber. The LEDGER prints the "news," and it gives Mr. McCHORD the benefit of its columns to air his views at the tobacco growers meeting held Monday at Lexington. It would have been more impressive, perhaps, if the gentleman had designated the particular "sheets" to which he had reference.

With Kentucky Judges fining Colleges in blocks of \$1,000 for educating "niggers" and white folks in the same school, and Kentucky Juries fining newspapers \$500 for exposing crime,—I wonder if the butchers will ever hear that the Beef Trust was "busted" by the Supreme Court?

MAYBE the Bellyache Brigade can get a bit of comfort out of the following letter to The Evening Bulletin, which appeared last Friday in that paper—

GALENA, KAS., March 1st, 1905.

Editor Bulletin: Being a constant reader of your paper, and at one time a correspondent of the same, I venture to take up a pencil long since laid aside.

In the first place, I advise you to put kicking straps on my friend J. F. WALTON, lest he become an uncontrollable kicker.

In the next place, I think if there is a class of men who ought to be happy and contented it is the farmers of old Kentucky. With eggs at 30 cents, butter the same, all kinds of produce very high; horses, cattle, hogs and all kinds of stock at the highest prices; tobacco 10 to 12 cents 'round, what more can they expect? They must "want the world with a wire fence around it," and then some of them would lap over on to the devil's territory.

I well remember when farmers did not grumble half as much as now, and did not receive on an average one-fourth of what they are receiving now.

I grew up partly in a tobacco patch and packing-house, and well remember assisting in receiving a large crop of long, leafy, red tobacco from Uncle ED. CASE that people came to see because my father had paid such a price for it, having bought it at 3 cents a pound.

Again, I remember one lot of large, nicely-dressed hogs, forty in number, averaging 300 net, that he received from Uncle JIMMIE NORRIS, for which he paid 2 cents a pound. Neither Uncle ED. CASE or Uncle JIMMIE NORRIS or their descendants went to the Poorhouse. He filled his cribs with corn at 12½ cents, hired transient hands at from 60 cents to \$1 and good farm hands at 25 cents. People lived well and my father never had the wolf at his door.

Times are out of joint; people are living too extravagantly; too much style imitating the fashion and ways of the aristocratic old world.

Your farmers should come to Kansas and see how the farmers have in a few years paid off mortgages of \$40,000,000 and made Kansas one of the great states of the Union.

It is now in order for some one to hop up and ask how much The Bulletin was paid to print such a lot of facts!

MOTHERHOOD

How To Gain The Happiness Of Children

Motherhood is woman's highest sphere in life. It is the fruition of her dearest hopes and most holy desires. Yet thousands of noble women, through the derangement of the female generative organs brought on by female weakness and disease, are unable to produce children!

Ninety-nine times out of every one hundred Lydia E. Pinkham's Vegetable Compound will so restore and strengthen the female organism as to make child bearing possible, easy, and safe.

Lydia E. Pinkham's Vegetable Compound

with its record of thousands of cures, is the remedy for women. Thousands of women are happy mothers of beautiful children to-day because in time of need they took Lydia E. Pinkham's Vegetable Compound. No matter what your female weakness or disease, it will afford you speedy relief and cure. Every woman who desires to become a mother should read these letters:

Dear Mrs. Pinkham:—I had been married seven years and had no children, owing to a female weakness and womb trouble, which caused me severe suffering each month. A lady advised me to try Lydia E. Pinkham's Vegetable Compound, and I did so, and now I have no more pains and am perfectly well, besides having a fine baby boy. MRS. ROSA F. KAREL, Ravenna, Neb.

Another happy and grateful mother writes to Mrs. Pinkham as follows:

Dear Mrs. Pinkham:—I was very anxious for a child, but could not carry one to maturity. My husband advised me to take Lydia E. Pinkham's Vegetable Compound. I did so, and soon began to feel better in every way. I continued its use and was enabled to carry my next child to maturity. I now have a nice baby girl, and I feel like a new woman. MRS. FRANK BEYER, 22 S. Second St., Meriden, Conn.

Actual sterility in woman is very rare. If any woman thinks she is sterile, let her write to Mrs. Pinkham at Lynn, Mass., whose advice is given free to all would-be and expectant mothers. Her letter will give you valuable information.

Lydia E. Pinkham's Vegetable Compound Cures Where Others Fail

High water floated the Virginia off the cradles at the Marine ways in Cincinnati, but no damage resulted.

The towboat Sprague went South of Louisville with a tow of 46 coalboats, 3 barges and 2 fuel boats.

The repairs to the Virginia have been completed and she will at once re-enter the Cincinnati-Pittsburgh trade.

An ice gorge 15 miles long in the Allegheny at Kittanning is suspending business above that town among manufacturing plants along the banks of the river. It is believed nothing less than a flood there will move the ice.

Shipment of 1,330,000 bushels of coal was made from Pittsburgh Monday, making the total shipment on the present rise about 6,500,000 bushels. The boats in the last fleet are Andrew Axton, 4 boats, 14 barges, 1 flat; Joseph Walton, 22 barges, 10 flats; Raymond Horner, 24 barges, 2 flats; Volunteer, 15 barges, 1 flat. The Tom Dodsworth lost six coalboats and one barge at Merriman.

The towboat Valiant ran into a pier at the Kenova bridge a night or so ago, then struck the local wharfbow and stove in the bulkhead, broke the spire, head chain and a line. The Queen City was preparing to land just as the Valiant struck the wharfbow, and had it not been for the timely danger signals, at which the Queen swung back into the river, a collision would have followed. The Valiant drifted on down the river striking the shore about a mile below Catlettsburg, where for a time she was engaged in picking up her four sinking barges.

Hot Under the Collar

Tobacco Orator Hurls Charges
at "Little Newspapers"

Lexington Herald of Tuesday.

Prominent tobacco growers of the Burley District met yesterday afternoon at Jackson Hall and took the initial steps toward the re-organization of the Burley Tobacco Growers Company.

The meeting was called to order by Mr. W. B. Hawkins, President of the organization, and was addressed by Mr. Archibald Stuart of Cincinnati, who acted as the Agent to get Eastern financial backing for the company.

A resolution was adopted appointing a Committee to devise a plan for reorganizing the company, and it comprises William Adams, Harrison county; Archibald Stuart, Cincinnati; C. B. Sullivan, Woodford county; W. C. McCord, Washington county; J. W. Hughes, Mercer county; Waller Sharp, Bath county; W. B. Hawkins, Fayette county; Leonard Drane, Shelby county; R. B. Brown, Gallatin county, and Scott Osborne of Mason county.

W. C. McCord of Springfield then made a speech, in which he made a bitter attack on newspapers that have published articles insinuating that W. B. Hawkins had not acted in good faith with the growers. He referred to them as "dirty little sheets" and said that the articles were the result of the Tobacco Trust's "long green." At the conclusion of his speech he offered and put the following resolution,

expressing confidence in Mr. Hawkins and requesting him to continue his fight:

"Whereas, certain little newspapers, which we have reliable information are under the control of the Tobacco Trust, have made insinuations that W. B. Hawkins, President of the Burley Tobacco Growers Company, has not acted in good faith with the growers, we denounce all such insinuations as false in every particular. We take pleasure in expressing our unbounded confidence in the integrity and good faith of W. B. Hawkins, and request him to continue the fight which he has begun against the Trust and never cease until his efforts have been crowned with success."

Other growers made speeches, the general tenor of which was that the organization could succeed if the farmers would get together and stay together.

The meeting was attended by about 200 growers and at times there was much enthusiasm.

The Effective Remedy
WASHINGTON, Iowa, April 4, 1905.
I was troubled for over a year with so scanty a flow that it was virtually suppression. A heavy cold superinduced this condition and nothing I could do seemed to help me. The only effective remedy I ever found was Wine of Cardui. Within two weeks I felt the good effects of the medicine and after I had used 13 bottles in all I was as healthy and regular as any woman could wish to be.
My sister used it while expecting to become a mother and found that it made childbirth comparatively easy and after the child was born she found that it helped her to regain her strength.

WINE OF CARDUI
Wine of Cardui cures nine out of every ten cases of the disorders of menstruation. These cures are permanent, whether the trouble is complicated or not.
Wine of Cardui cures the sickness of young girls, relieves the weakness of adults, banishes leucorrhoea, headaches, backaches and nervousness and eases the crisis attendant on the change of life.
Thousands of mothers besides Miss Root's sister have found grateful relief from the pains of childbirth and have had a quick and happy recovery from its use. You cannot afford to suffer when \$1.00 bottles are sold by all druggists.
